Reviews

Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

Brand New Book ***** Print on Demand *****.Excerpt from Primary Phenomenal Astronomy for Teachers and General Readers: How to Study, and How to Teach It The reader unacquainted with our work, and doubtful whether its claim upon attention is well sustained, is invited to examine both source and character of a few endorsements. See page 98. The letters there cited speak principally of its platform presentation. A few leisure hours while at the factory superintending the- manufacture of the apparatus herein described, have furnished opportunity for preparing this brief exposition. If only a half-hour can be spared for its perusal, read Chapter I., a few pages at the beginning of Chapters II. and III., and more or less of Chapter IV. If interested chiefly in the instruments, they are discussed, together with a method of using, in Chapter IV. The main portion of Chapter III. and last few pages of Chapter. IV. show something of the close connection existing between our subject and various poetical, classical and historical studies.
