

Dave the Turnip Fields (Paperback)

By Mark Beal

Createspace, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.An informal sequence of songs and poetry designed to bring an attorney (and his law firm) the truth about the destructive nature of his purpose, position and authority. It is a book about justice and those who circumvent it for wealth and power. It is a voice for our nations youth and children that are being taken advantage of. This is a real book, about a real people. Designed to perform a real miracle. It is no less than an attempt to raise the dead. An eye opening book to help a multitude of livid and educated young men and women who are struggling to pay outrages fees for a no rate education. It is an expression of the love I have for my enemy and all those who are suffering from his evil deeds. Although this book was designed to save one particular man, I do believe that hidden within it s pages lies the power and the strength needed to pull together our divided nation . God bless and enjoy.
