*Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).*

## STARTING A TECH BUSINESS: A PRACTICAL GUIDE FOR ANYONE CREATING OR DESIGNING APPLICATIONS OR SOFTWARE

John Wiley & Sons Inc. Paperback. Book Condition: new. BRAND NEW, Starting a Tech Business: A Practical Guide for Anyone Creating or Designing Applications or Software, Alex Cowan, The non-technical guide to building a booming tech-enabled business Thinking of starting a technology-enabled business? Or maybe you just want to increase your technology mojo so you can do your job better? You do not need to learn programming to participate in the development of today s hottest technologies. But there are a few easy-to-grasp foundation concepts that will help you engage with a technical team. Starting a Tech Business explains in practical, actionable terms how to \* formulate and reality test new ideas \* package what you learn into frameworks that are highly actionable for engineers \* understand key foundation concepts about modern software and systems \* participate in an agile/lean development team as the voice of the customer Even if you have a desire to learn to program (and I highly recommend doing whatever unlocks your inner tinkerer ), these foundation concepts will help you target what exactly you want to understand about hands-on technology development. While a decade ago the barriers to creating a technology-enabled business required a pole vault, getting started today only requires a determined step in the right direction. Starting a Tech Business supplies the tools prospective entrepreneurs and business enterprises need to avoid common pitfalls and succeed in the fast-paced world of high-tech business. Successful execution requires thoughtful, evidence-based product formulation, well-articulated design, economic use of systems, adaptive management of technical resources, and empathetic deployment to customers. Starting a Tech Business offers practical checklists and frameworks that business owners, entrepreneurs, and professionals can apply to any tech-based business idea, whether you re developing software and products or beginning a technology-enabled business. You ll learn: 1....
